Cpl Theresa Labbe

- **COPP Conference**

Mark the date on the calendar: **October 13 – 15**. This year's conference will be an excellent professional development opportunity with presentation topics including privacy, drugs, technology and observation skills. **Registration begins June 15.**

- **Volunteer and Police Liaison recognition awards**

Don't forget to consider nominating an outstanding COPP member and/or Police Liaison officer who made a significant contribution to the success of your group or the program over the past 12 months.

- **Agreement With Manitoba Public Insurance**

Manitoba COPP representatives are working with Manitoba Public Insurance to document the roles and responsibilities of both parties. This agreement will help new regional representatives understand how Manitoba Public Insurance supports the Manitoba Citizens on Patrol Program. There are no changes to our relationship with Manitoba Public Insurance; we are simply documenting the current arrangement.

- **Train the Trainer session – April 22**

28 COPP members attended the Train the Trainer session and are now equipped to train new members. Thank you for your commitment to helping new and current volunteers make the best contribution to community safety that they can.
